Work Experience

H&R Block-Tax Associate

2023-2024

During my time at H&R Block as a tax associate, I assessed client needs and responded to questions regarding their tax situations. I ensured accurate preparation and filing of tax returns while maintaining a high level of client confidentiality. I was responsible for organizing and reviewing clients' financial records in a timely manner. I proficiently operated tax preparation software and provided courteous service at all times. I was also tasked with verifying client documents and ensuring that all tax-related information matched the records in the system.

Extracurricular Activities

Kansas City Community Gardens

KC Community Gardens has helped communities across the metropolitan area improve nutrition, reduce food expenses, and promote locally grown and sustainable foods. The reason why I chose this particular place was because I wanted to help perform activities that would bring the community together or have the most impact on the community in a helpful way. Volunteering at KC Community Gardens and helping them with the preparation of events that brought the community together and introducing those who were not familiar with the importance of gardening and eating healthy, helped me with some of my personal goals for my health and lifestyle.

Phi Theta Kappa (PTK) (at UMKC & MCC)

During my time with Phi Theta Kappa at UMKC and MCC, I actively engaged in various academic and community service activities. I collaborated with fellow members to organize events that promoted academic excellence and leadership development.
